

“ No worker should worry about stigma and discrimination anymore. Occupational Health professionals have the obligation to guarantee medical confidentiality of information and we do our utmost to that end. **So, let's get tested for HIV as soon as possible. This is the only way we will win the battle against AIDS.** ”

**Dr Joseph Dieuboué,**  
National President of the Cameroon  
Society of Occupational  
Safety and Health  
Cameroon

**VCT@WORK**
